Description

Why the Ford Territory is great at is being a family car. It's arguably, the most attractive looking SUV in its segment and offers great value for money, The interior is really impressive too- just have a look at the centre console and dashboard! The spacious cockpit and the rear seat occupants have plenty of leg-stretching space. The back of the cabin also has ventilation and there's a single rear USB slot for the young ones to fight over. The boot looks bigger than the 448 litre capacity suggests, and ready to gobble your holiday luggage. So why choose anything else? Price Advertised is Subject to finance through Motus Ford Culemborg.
