Description

The Ford Ranger XLT D/C offers an excellent balance of workhorse capability and lifestyle features, with strong off-road performance, a refined and comfortable ride, and impressive cabin and load bay practicality. While lacking some of the higher-end tech of more expensive models, it provides a solid level of comfort and features, making it a sensible and value-for-money choice. Key strengths include its versatile load bay, well-insulated cabin, and capable chassis, while potential drawbacks can include less interior trim quality compared to some rivals and a less spacious rear seat.

Simon Vermooten Rd, Waltloo, Pretoria, South Africa

Located at Casseys Auto Springs
