Description

The Ford Ranger 2.0L Bi-Turbo Tremor 4WD 10AT is designed for drivers who demand rugged off-road capability without sacrificing everyday comfort. Powered by Fords 2.0-litre bi-turbo diesel engine producing a strong 157 kW and 500 Nm of torque, the Tremor offers quick throttle response, confident overtaking performance, and excellent low-down pulling power. Paired with the refined 10-speed automatic transmission, gear shifts are smooth and well-timed, enhancing both on- and off-road driving. Built for adventure, the Tremor comes equipped with a reinforced off-road suspension, increased ground clearance, all-terrain tyres, and a robust 4WD system that includes selectable drive modes and low-range capability. These enhancements allow the Tremor to handle challenging trails, rocky paths, and muddy conditions with ease. Off-road recovery hooks, skid plates, and protective cladding add to its confidence-inspiring toughness. Inside, the Tremor blends

sportiness with practicality. Unique trim details, durable upholstery, and modern tech features such as a high-resolution infotainment screen, digital driver display, and multiple connectivity options make the cabin a comfortable place to spend long hours. The Double Cab layout provides generous space for passengers and gear, making it suitable for lifestyle enthusiasts and family adventurers alike. Safety features include stability control, multiple airbags, trailer sway control, hill descent control, and smart driver-assistance systems designed to provide reassurance on any terrain. Verdict: Bold, capable, and adventure-ready the Ford Ranger 2.0L Bi-Turbo Tremor 4WD 10AT delivers true off-road performance with the everyday usability and refinement expected from the Ranger lineup. Ideal for those who want a bakkie that works hard, plays harder, and looks the part too. Enjoy nationwide delivery and tailored finance solutions through Ford Credit. On the road costs not included.
