Description

The 2023 Suzuki S-Presso 1.0 GL is a budget-friendly "micro-SUV" praised for its maneuverability, high ground clearance, and fuel efficiency, making it ideal for city driving. It features a 1.0-liter engine producing 49 kW and 89 Nm of torque, adequate for its light weight of around 800 kg, although performance is limited on inclines or at high altitudes. Key drawbacks include its basic interior, potentially choppy ride on rough roads, and the less-than-smooth performance of the AGS automatic gearbox, which is best operated by manual shifting.

Simon Vermooten Rd, Waltloo, Pretoria, South Africa

Located at Jaffes Ford
