### Description

Experience the perfect blend of power and practicality with the 2026 Ford Ranger 2.0 Sit Single Cab XL 4x4 Auto. This robust workhorse is equipped with a 2.0 turbo diesel engine, delivering 125 kW of power and 405 Nm of torque, making it ideal for both on-road and off-road adventures. Its efficient design offers an average fuel consumption of 7.7 L/100 km, providing an impressive range of up to 1,039 km on a full tank. With a front engine position and i4 cylinder layout, this Ranger is built to handle demanding tasks with ease. The Ford Ranger's practical features include cruise control for comfortable highway driving and rear park distance control to assist with tight parking situations. Its clean white exterior offers a professional look, while the spacious single cab design ensures ample room for tools and equipment. Backed by a warranty, this Ranger provides peace of mind for both personal and business use. With a fuel capacity of 80 liters and CO2 emissions averaging 203 g/km, the Ranger is a dependable choice that balances performance with efficiency. Perfect for those who need

reliability and versatility in a rugged package.
