Description

Experience the robust performance and versatility of the 2026 Ford Ranger 2.0 Sit Double Cab XL Auto, a perfect blend of power and practicality. This white beauty is equipped with a front-positioned 2.0 turbo diesel engine, offering a powerful 125 kW and an impressive torque of 405 Nm. With a fuel capacity of 80 liters, this Ranger achieves an average consumption of 7.5 L/100 km, providing a commendable range of 1,067 km, making it ideal for both long journeys and daily commutes. The i4 cylinder layout ensures smooth and efficient performance, complemented by the 197 g/km CO2 emissions, balancing power with environmental responsibility. Designed with your comfort and convenience in mind, the Ford Ranger XL Auto comes with optional extras like cruise control and rear park distance control, enhancing both safety and ease of driving. The double cab configuration offers ample space for passengers and cargo, making it suitable for family adventures or work-related tasks. With a manufacturer-backed warranty, this vehicle promises peace of mind along with its rugged

capabilities. Ideal for those seeking a reliable and efficient truck, the 2026 Ford Ranger is ready to tackle any challenge.
