### Description

The 2023 Ford Ranger 2.0 Sit Double Cab XL Auto in Carbonized Grey is a versatile and efficient choice for those seeking reliability and performance. Powered by a robust 2.0 turbo diesel engine with a maximum output of 125 kW and 405 Nm of torque, this Ranger offers both power and fuel efficiency with an average consumption of 7.5 L/100 km, ensuring a remarkable range of up to 1,067 km on a single tank. Its i4 cylinder layout and front engine position provide a balanced and smooth driving experience, making it ideal for both urban commutes and off-road adventures. This Ranger variant is equipped with practical features such as cruise control and rear park distance control, enhancing convenience and safety during your drives. Its spacious double cab layout is perfect for accommodating passengers and cargo, making it an excellent choice for families or work-related tasks. While it does not come with a warranty, the Ford Ranger's renowned durability and build quality offer peace of mind. Experience the perfect blend of capability and comfort with the 2023 Ford Ranger
