### Description

The 2026 Ford Ranger 2.0 Biturbo Double Cab Wildtrak in Carbonized Grey is engineered for those who seek a blend of power, efficiency, and rugged versatility. Equipped with a front-positioned 2.0 turbo diesel engine, it delivers an impressive 154 kW of power and 500 Nm of torque, ensuring robust performance whether on urban roads or off-road adventures. Its efficient fuel consumption of 7.2 l/100 km provides an average range of 1,111 km on a full 80-litre tank, making it perfect for long journeys without frequent refueling stops. This Wildtrak variant stands out with its practical double cab design, offering spacious seating and advanced safety features. The vehicle's CO2 emissions are rated at 188 g/km, aligning with environmental standards. With a sturdy yet sophisticated exterior, it's as stylish as it is functional. The Ford Ranger Wildtrak comes with a warranty, providing peace of mind and reliability for your driving needs. Ideal for both family use and tough terrain, this pickup truck combines comfort, technology,

and durability, making it a capable companion for diverse driving scenarios.
