### Description

This 2026 Ford Ranger 3.0TD V6 Double Cab Platinum 4WD in white offers premium comfort with serious work ability. The 3.0 turbo diesel V6 delivers 184 kW and 600 Nm for confident towing, overtaking and off road use, while averaging just 8.4 l/100 km from its 80 litre tank for a usable range of up to 952 km. Factory 4WD, robust suspension and advanced driver aids make it ideal for farmers, contractors and families who need a capable double cab that is equally at home on gravel and on the highway. The vehicle is backed by a factory warranty for extra peace of mind, underlining its low risk ownership appeal. CO2 emissions of 222 g/km reflect modern diesel efficiency, and Fords latest safety and driver assistance tech helps protect your crew on every trip. If you are looking for a nearly new Ranger Platinum that is ready to work and travel immediately, this is a strong, hassle free option to secure before it goes.

Simon Vermooten Rd, Waltloo, Pretoria, South Africa
